Shipping Options

_____ Customer pickup
 _____ Delivery (including setup
 and in-person training)
 \$1.00/mile (round-trip distance
 from Philomath, OR), 500 mile limit
 _____ Truck freight
 \$200 crating and handling, plus do-
 mestic freight est. \$400-\$800.
 Shipping quote issued within 7 days
 of order.

Blower Options

3/4 HP: Standard model, for all seeds from yarrow up to beans.

1 HP: 50% stronger airflow, better separation of beans and grains. Not for seeds smaller/lighter than amaranth, requires 20 amp outlet and circuit.

1/3 HP: Quieter, lower power consumption, equal performance to 3/4 HP for seeds smaller/lighter than amaranth. Only recommended if you have limited electricity, if you only work with small seeds, or if you are purchasing multiple machines and would like a maximum range of airflow velocity.

Transport Notes

A Winnow Wizard will fit in a 6' pickup bed, but not under most canopies (55" height). The core component weighs ~150 lbs and requires three people to load. It can be disassembled to fit into hatchbacks and under canopies.

If shipped via freight, the crate weighs 450 lbs and has dimensions 80" L x 29" W x 60" H.

Office use only: Serial # _____ Target completion date _____
